INTEGRATED FINANCIAL SERVICES

UNDERSTAND VALUE CREATION.
STRENGTHEN FINANCIAL ACUMEN.
DRIVE BETTER BUSINESS DECISIONS.

Integrated Financial Services is an immersive business simulation that helps participants understand how financial institutions create value and how strategic decisions influence commercial performance.

Through realistic scenarios, participants experience how decisions across the organisation impact customer value, profitability, risk and growth.

SIMULATION EXPERIENCE

Participants manage a financial services organisation in a competitive marketplace, making integrated decisions that balance customer needs, profitability, risk, growth and operational performance.

Customer Acquisition & Retention

Product Portfolio Performance

Revenue Growth & Profitability

Risk Management & Capital Allocation

Operational Efficiency

Strategic Investment Decisions

THE BUSINESS CHALLENGE

Many organisations struggle because leaders:

Make decisions without understanding financial impact

Focus on revenue while overlooking profitability

Struggle to balance growth with risk

Fail to connect customer value to business performance

Lack confidence in interpreting financial information

Integrated Financial Services builds practical business and financial acumen in an engaging, highly applied environment.

KEY LEARNING OUTCOMES

Participants will learn how to:

Understand how financial institutions create value

Interpret core financial and business performance drivers

Improve financial decision-making and commercial thinking

Balance growth, profitability and risk

Connect customer value to sustainable performance

Build stronger business acumen across functions
